WOODBRIDGE™ CABINETS

Sensible Cabinetry

Sensible Cabinetry For Today's Home

At **Woodbridge Cabinetry**, we recognize how each lifestyle and household varies; Our goal is to deliver solutions in cabinetry geared toward your preference – providing quality, function, and style – without exceeding your budget!

Summit cabinetry includes a variety of door styles, an array of stained finishes, plus Accenting, for a palette sure to meet your personal taste. In addition, Summit also includes ample products and enhancements to extend your design as desired.

Prelude cabinetry offers two traditional door designs in Oak and Birch; with popular finishes of honey and rose tones. Prelude is a sensible alternative for the budget-minded.

All Woodbridge products are individually inspected prior to shipment. Our state-of-the-art finish process includes multiple steps in sealing, sanding and staining – with UV protected oven-cured top coat – providing years of beauty and durability.

From the quality of our materials and finishes to the workmanship that goes into each and every finished component, Woodbridge is the sensible solution for your cabinetry needs.

Please Note: Due to limitations in the printing process, it is not possible to exactly match the colors shown in these photographs with the cabinet stain colors we offer. It is essential to view the actual door samples when making your selection.

WOODBRIDGE™ CABINETS

SUMMIT

Summit Cabinetry includes a five year limited warranty

Cabinet Construction:

- **Solid wood** front frame; 3/4" thick.
- **Easy to clean** maple laminate interior with 3/4" thick adjustable shelves; furniture board core. Laminate exterior matches finish selected.
- **Sturdy** 1/2" thick sides, tops and bottoms; 1/8" thick hardboard back and 1/2" thick hanger rails for securing cabinet to wall studs. Furniture board core throughout cabinet case.
- **Reinforced structure** with 1/2" thick I-beams.
- **Upgrade to Plywood** core on entire cabinet case or individual sides. Interior changes to maple veneer with natural finish. Finished exterior sides will be wood veneer.

Door/Drawer Construction:

- **Solid wood** door frame with solid and veneer center panels (Center panel depends on door style).
- **Easy to clean** maple laminate interior; furniture board core.
- **Sturdy** 1/2" thick four-sided drawer box; 3/8" thick bottom.
- **Long-lasting** epoxy-coated side-mount drawer guides.

- **Drawer Upgrade 1** changes drawer box to **all Plywood core** constructed with **lap joints** and 1/4" thick bottom – **dadoed** into sides for continuous support of drawer contents.
- **Drawer Upgrade 2** changes drawer box to 3/4" thick **solid wood** constructed with **dovetail joints** and 1/4" thick plywood bottom – **dadoed** into sides for continuous support of drawer contents. **Fully sealed** smooth finish repels spills and stains. Guides change to **concealed under mount** epoxy coated.
- **Drawer Upgrade 3** has same construction as Drawer Upgrade 2. Guides change to **concealed full-extension** under mount with **soft-close** feature.

Summit Cabinetry proudly made in the U.S.A.
